IQAC Rationale

The Internal Quality Assurance Cell (IQAC) plays a crucial role in colleges across India for several reasons, chiefly because it acts as the primary framework for maintaining and improving quality, as required by the National Assessment and Accreditation Council (NAAC). The IQAC is an active and supportive entity that acts as a means for systematic quality improvement, guaranteeing that higher education institutions not only fulfill the necessary criteria but also pursue excellence in both academic and administrative domains within a continuously changing educational environment.

Goals of IQAC:

- Establishing a structured, consistent, and proactive approach to enhance both the academic and administrative performance of the institution.
- Fostering a culture of quality assurance and ongoing improvement among all stakeholders involved.
- Recognizing, institutionalizing, and sharing exemplary practices in teaching, research, and governance.
- Creating an institutional database to facilitate data-driven decision-making and ensure transparency.
- Preparing and submitting the Annual Quality Assurance Report (AQAR) along with other necessary documents for NAAC accreditation.
- Gathering and responding to feedback from students, faculty, parents, and other stakeholders.
- Serving as a central agency to coordinate all quality-related initiatives across various departments.

Responsibilities of IQAC:

- Establish and implement quality benchmarks for all academic and administrative functions.
- Encourage contemporary teaching methodologies and foster a learner-centered atmosphere.
- Gather and evaluate feedback from students, faculty, alumni, and other stakeholders. Utilize feedback to pinpoint areas needing enhancement and enact necessary changes.
- Organize workshops and seminars to promote a culture of quality.
- Perform regular academic and administrative audits.
- Ensure adherence to NAAC guidelines and other regulatory requirements.
